

Position: Electrical Engineer
Location: Rapid City, SD

Exciting things are happening at the TSP & we want you to join us!

TSP is an integrated, multi-discipline firm that offers Architecture, Interior Design, Planning, and Engineering. TSP has a strong identity in the upper Midwest operating 8 offices in 5 states (Iowa, Minnesota, Nebraska, South Dakota, and Wyoming). **TSP's** practice is concentrated on the Healthcare and Education markets; and projects in the communities where we live and work.

We are looking for an Electrical Engineer with at least 10 years of experience in the engineering of power, lighting, and fire alarm systems for commercial, educational, healthcare, and community buildings.

Qualifications Required/Preferred:

- Bachelor of Science in Electrical Engineering from an ABET Accredited University
- Minimum of 10 years of related experience
- Current Professional Engineers License
- LEED accredited or successfully achieve within one year
- Healthcare and/or Education project experience preferred
- Experience with AutoCAD and/or Revit software.
- Familiar with security systems designs and telecommunication cabling design preferred.
- Strong written and verbal communication skills along with inter-personal skills internally and with clients

The successful candidate will share TSP's core values: Trust, Ethics, Honesty, Responsiveness, Collaboration and Commitment.

TSP offers a competitive salary and benefits package for full-time employees along with a family friendly flexible environment that is committed to both personal and professional growth.

TSP is an Equal Opportunity Affirmative Action Employer and drug free workplace. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin, including individuals with a disability and protected veterans.

To apply for this position, please send resume and/or cover letter to hr@teamtsp.com
